

IIASA Postdoctoral Fellowships 2010

Postdoctoral Fellowship in Austria for Researchers in Natural and Social Sciences, Math, Policy and Engineering

The International Institute for Applied Systems Analysis (IIASA), located in Schloss Laxenburg near Vienna, Austria, provides full funding for two postdoctoral researchers each year. Scholars are expected to conduct their own research within one of IIASA's research programs or special projects on topics closely related to IIASA's [agenda](#).

APPLICATION DEADLINE: 28 February 2010

WHAT IS IIASA AND WHAT ARE ITS PROGRAM AREAS?

IIASA is an international institution, supported by the U.S. and 16 other governments, engaged in scientific research aimed at providing policy insight on issues of regional and global importance in the following areas:

Energy and Technology

- Energy
- New Technologies
- Dynamic Systems
- Integrated Modeling Environment

Natural Resources and Environment

- Land Use and Agriculture
- Forestry
- Evolution and Ecology

- Atmospheric Pollution & Econ. Devt.
- Greenhouse Gas Initiative
- Water Activities

Population and Society

- World Population
- Risk and Vulnerability
- International Negotiation
- Population and Climate Change
- Health and Global Change Initiative

HOW DO YOU APPLY?

An on-line application form, along with more information, can be found at http://www.iiasa.ac.at/Admin/PDOC/apply_iiasa.html/

Communication with relevant [program representatives](#) is strongly encouraged at the earliest possible stage, and before submitting an application.

Two letters of reference should be provided before the application deadline. An essential part of the application form is the 4,000 word research plan outlining the intended work at IIASA and its relevance for IIASA's agenda.

General Questions: Barbara Hauser, Postdoctoral Coordinator hauser@iiasa.ac.at

U.S. contact: Margaret Goud Collins, Program Director for the U.S. Committee for IIASA
