

Photos needed for PARC Inventory and Monitoring Book as of 9-7-2008

	Photos:	Chapter	Section
1	map showing 5 U.S. PARC regions outlined	1	Introduction
2	turtle harvest for food	1	threats
3	1 photo of exotic frog (see "Exotic Herpetofauna" section)	2	exotic herps
4	1 photo of exotic snake (see "Exotic Herpetofauna" section)	2	exotic herps
5	1 photo of exotic turtle (see "Exotic Herpetofauna" section)	2	exotic herps
6	2 photos of exotic lizards (see "Exotic Herpetofauna" section)	2	exotic herps
7	1 photo of habitat in MidWest	2	Habitat definitions
8	1 photo of habitat in Northwest	2	Habitat definitions
9	1 photo of habitat in Southwest	2	Habitat definitions
10	photo of non-Southeast snake to replace current photo (for beginning of Ch.2)	2	Introduction
11	2 photos of herps from Midwest	2	nomenclature
12	2 photos of herps from Northwest	2	nomenclature
13	ArcView map of a radiotracked herp	4	Locality-GIS
14	map that shows habitat types in a study area	4	Locality-maps
15	range map for a species	4	Locality-maps
16	photo of someone entering data at a computer	4	stds and data mgt
17	photo of alligators in aerial survey (from airplane)	5	Aerial survey
18	photo of sea turtles in aerial survey (from airplane)	5	Aerial survey
19	photo of plot used for Area-constrained searches	5	Area constrained searches
20	need a better version of #105 (coverboard pros and cons)	5	Artificial cover
21	photo of person doing an auditory survey	5	Auditory survey
22	photo of froglogger	5	Auto recording devices
23	photo of froglogger set up in field	5	Auto recording devices
24	2 photos of different types/sizes of dipnets (different types)	5	Dipnetting
25	photo of seining for herps	5	Dipnetting
26	photo of alligator nest	5	Egg mass and nest counts
27	1-2 photos of someone electroshocking for herps	5	Electroshocking
28	2-3 photos of different aquatic funnel trap varieties (steel, plastic, collapsible, crawfish trap).	5	funnel traps
29	photo of terrestrial wire mesh funnel trap set next to drift fence	5	funnel traps
30	amphibian in a container with moist paper towels	5	Hand collecting
31	people catching an alligator with a noose	5	Hand collecting
32	photo of blowgun with cork projectile	5	Hand collecting
33	photo of lizard noose	5	Hand collecting
34	photo of snake hooks and snake tongs (one photo with both)	5	Hand collecting
35	pillow case or snake bag with snake in it	5	Hand collecting
36	photo of snake den site with drift fence encircling it	5	Hibernaculum trapping
37	photos of confinement trap (for hibernaculum trapping)	5	Hibernaculum trapping
38	close-up photo of a leaf litterbag	5	Leaf litterbags
39	photo of leaf-litterbags set up in a stream	5	Leaf litterbags
40	photo of ground-placed PVC pipes	5	PVC pipe surveys

	Photos:	Chapter	Section
41	photo of tree-mounted PVC pipes	5	PVC pipe surveys
42	treefrog inside PVC pipe	5	PVC pipe surveys
43	map or photo of randomly placed quadrats within a study area	5	Quadrat Sampling
44	photo of large fenced technique (quadrat sampling)	5	Quadrat Sampling
45	photo of person searching in 1x1 m quadrat frame	5	Quadrat Sampling
46	photo of multiple guidebooks laid out on a table	5	Seek advice
47	photo of museum collection of herps	5	Seek advice
48	recently used turtle or alligator nest	5	Sign and Tracking
49	shed snake skin	5	Sign and Tracking
50	snake tracks in sand	5	Sign and Tracking
51	turtle shell	5	Sign and Tracking
52	photo of a person with a pipe sampler (with handles showing), picking through a dipnet for larvae	5	Stovepipe sampling
53	2 photos of people doing a Time Constrained Survey (different types of TCS's)	5	Time constrained survey
54	diagram of replicate transects parallel or perpendicular to gradient	5	Transect Sampling
55	2 photos of people performing a Visual Encounter Survey - along a stream/pong and within a quadrat	5	Visual Encounter Survey
56	photo of alligator or lizard for beginning of Ch.6	6	Introduction
57	photo of cards that preserve dried blood on them	8	Collecting tissue
58	1-3 photos showing how to determine sex in amphibians	8	Determination of age
59	photo of annuli on a turtle (indicating age)	8	Determination of age
60	skeletochronology in amphibians	8	Determination of age
61	2 photos showing how to determine reproductive condition in amphibians	8	Determination of reprod.
62	photo of alligator being held down or restrained to a board or ladder	8	Determination of reprod.
63	photo of palpation of snake abdomen for # of embryos	8	Determination of reprod.
64	diagram of croc genitalia – from Webb et al 1984	8	Determination of sex
65	diagram of snake hemipenes	8	Determination of sex
66	male Ambystoma swollen cloaca	8	Determination of sex
67	melanism in older male turtles	8	Determination of sex
68	photo of anuran eggs through skin	8	Determination of sex
69	photo of eye color differences in male and female turtles	8	Determination of sex
70	photo of male versus female marbled salamander showing coloration difference	8	Determination of sex
71	photo of probe being inserted into a male snake's hemipenes	8	Determination of sex
72	photo of Terrapene male and female plastrons	8	Determination of sex
73	plethodontid mental gland	8	Determination of sex
74	photo of a herp's SVL being measured	8	Handling A&R
75	photo of reptile getting an injectible anesthetic into muscle of forebody	8	Handling A&R
76	photo of snake bag, hook or tongs, and bucket	8	Handling A&R
77	photo of someone holding a lizard between thumb and finger behind head	8	Handling A&R

	Photos:	Chapter	Section
78	photo of someone holding a nonvenomous snake behind head and supporting body	8	Handling A&R
79	photo of turtle's plastron being measured	8	Handling A&R
80	diagram of scute-clipping scheme for crocodylians	8	Marking A&R
81	diagram of several toe-clipping schemes for salamanders and frogs	8	Marking A&R
82	diagram of snake scale-clipping scheme	8	Marking A&R
83	photo of freeze branding and hot branding equipment used	8	Marking A&R
84	photo of person implanting a VIE tag under skin of amphibian	8	Marking A&R
85	photo of pit tag inside a snake's body	8	Marking A&R
86	photo of PIT tagging equipment or person holding pit tag reader	8	Marking A&R
87	photo of VIE in a squamate	8	Marking A&R
88	photos of squamates with temporary marks, like tape, paint, bird bands, beads	8	Marking A&R
89	toe-clipping scheme for lizards	8	Marking A&R
